

# MAKING GOOD

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have *not* made drunkards. A good, honest square-deal medicine of known composition is

## Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

**For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.**

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. **Insist on your right to have what you call for.** Don't buy

## Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

**It makes weak women strong, sick women will. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.**

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy.

## UNCLE SAM HAS BEEN INSULTED

In the Person of His Representative by the Officials of a Central American Banana Republic

Mobile, Ala., April 15.—Confirmation of the report that John Gregory, of Louisiana, who, up to within a short time ago, was the American charge d'affaires at Managua, Nicaragua, was virtually a prisoner in the American legation, was brought here Sunday in letters from Nicaragua. These letters were from several individuals of reputation in the Nicaraguan capital, and agreed on the particulars of the indignities put upon the American official.

They said that Mr. Gregory was watched by spies day and night, and that soldiers were at every entrance of his residence, the American legation. Whenever he left the legation he was shadowed, the minions of the Nicaraguan dictator being none too polite in their surveillance, and on many occasions minor officials of the Zelaya government openly insulted the young Louisianian.

## MUTINEERS WERE SUCCESSFUL

Sultan Granted All the Demands of His Riotous Troops

Constantinople, April 15.—The situation at Constantinople is quiet after the exciting occurrences of yesterday. All business is gradually being resumed. A majority of the garrison, however, still occupy positions in front of the Chamber of Deputies and War Office, where they await the formation of the new cabinet.

The night, however, was one of alarm. Troops celebrated the overthrow of the Young Turks by firing continuous rifle volleys. This alarmed the entire population of the city. The people were ignorant of the cause of the firing, and thought a fight was going on.

The Sultan has granted practically all the demands of the riotous troops. Casualties resulting from the rioting of yesterday included Nedim Pasha, minister of justice in the late cabinet, killed; Riza Pasha, minister of marine, who was wounded; and Sadik Pasha, who was killed. There were several casualties among the troops.

## MISSING LINK FOUND IN MEXICO

Either a Great Scientific Discovery or a Nature Fake of the First Water

Mexico City, April 15.—A dispatch from Magdalena, State of Sonora, says: What the inhabitants of Tututama look upon as the missing link between man and anthropoid ape has just been brought into that town by vaqueros, who claimed to have killed the monstrosity in self-defense in the mountains where they were hunting. Indians who have seen the carcass of the beast identify it as the traditional "Nahua," or Aztec beast.

The animal is the size of a large dog, and is without hair except on the top of its head and the tip of its tail. Its complexion is not unlike that of a very dark-skinned Indian, while its skin is wrinkled and roughened like that of one long exposed to the weather.

The hair on the top of its head is of a distinct auburn and bristles out in a shock like that of one long unacquainted with comb and brush. The rear feet, upon which it walked, are like those of a human being, except for the nails, which are like bear claws. The front feet are like those of a dog, with very long toes and a thumb set well back for grasping. The mouth is long like that of a dog, but the face is hairless, like that of a monkey, with heavy eyebrows and a slight chin whisker.

It was shot in the chest by Gaspar Romero and Jesus Valencia, two well known vaqueros, after it had killed their two dogs.

## KENDRICK

Easter has come and gone. Aside from the weather being a little blustery the day passed off very pleasantly. We enjoyed listening to a beautiful Easter sermon delivered by our pastor, Rev. J. N. Weatherford. He was at his best and did the subject justice. He also preached an eloquent sermon Sunday night. The singing was equal to and excelled all past records, with Mrs. E. C. W. as organist. Her brother-in-law, Mr. A. G. Payne, of Des Moines, Iowa, accompanied the organ with a cornet. The choir sang two beautiful songs appropriate to the occasion.

Miss Ida Wiggins visited relations near Ocala last Saturday and Sunday. Mr. H. C. Fowler of Hawthorne, has accepted a position with C. I. Grace, and will look after that gentleman's farming interests.

Mr. G. D. Hogan shipped the first beans of the season Tuesday.

Master Willie Grace of Juliette, visited his parents here for a few days last week. He returned to his duties Monday.

Mrs. Willie Babb, who has been spending several weeks with her sister here, Mrs. W. E. Nix, left for her home in Atlanta several days ago.

Mrs. L. F. Teuton and Stuart Knoblock of Martin attended church here last Sunday.

Mr. and Mrs. John W. Hopkins spent Sunday afternoon with Mr. A. Olin.

You should not delay under any circumstances in cases of kidney and bladder trouble. You should take something promptly that you know is reliable, something like DeWitt's Kidney and Bladder Pills. They are unequalled for weak back, backache, inflammation of the bladder, rheumatic pains, etc. When you ask for DeWitt's Kidney and Bladder Pills, be sure you get them. They are anti-septic. Accept no substitutes; insist upon getting the right kind. Sold by all druggists.

## OKLAHAWA

We are having some windy weather again, although Easter Sunday is generally accompanied by some blustery weather.

Mr. Walter Mathews made a flying trip to Ocala Saturday last. Several of the young men attended a dance given at the home of Mr. and Mrs. L. W. Sellers in honor of Miss Della Smith.

Mr. J. C. Harrell left Sunday for Enville, Fla., where he will accept a position as bookkeeper for the firm of P. A. Weeks & Co.

Miss Lois Driggers left for Oxford where she will spend a few days, then will extend her visit to Clearwater.

Work has been discontinued on the hard roads for a few days on account of the illness of Capt. D. D. Driggers.

Mr. Dell Moody, who has been with the firm of Capt. J. B. Martin of this place, has gone to Tampa to accept another position with the firm of Knight & Wall Co.

There will be a moving picture exhibition given at the school house by Rev. Thompson, of Bellevue, to help raise the funds to put a fence around the cemetery.

Jeff Marshall, one of our popular young men, has returned from Waucho, where he has been employed by Norman & Co.

The new addition to the store of A. W. Tongue & Co. has been completed and is quite an addition to the improvements of our boomtown little town.

Bathing will soon be at its height. Some are going in the lake already. Mr. John Driggers is greatly improved in health, and all are exceedingly glad of his good fortune.

Dr. Henry has had a new roof put on his office, which was badly needed as the old one had been on about twenty-five years.

Mrs. H. W. Henry gave a very pleasant egg hunt Tuesday afternoon in honor of her class of Sunday School tots.

Mr. Read Wimberly made a flying trip to Lake Weir Sunday. Wonder what's in the woods for him in these "diggins."

Mrs. Jonas Fort left for her home Sunday at Winter Haven.

Mr. J. M. Neely was in our midst talking over old times last Saturday. PUNKIN.

# Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia. Kodol will effectively assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.
